Dear 8th Grade Families:

We have been working hard to finalize the end of year trip for your 8th grade students. This is a final opportunity for our students to spend time with each other as an entire group before they split to our three Worthington high schools. We do our best to keep costs at a minimum and provide a memorable experience hopefully all can afford. We now have some important information to share with you.

COST: The cost of the trip will be \$45. We hope all available students will attend. Please contact your 8th grade advisor if the price is an issue. We will do our best as a staff to help those who request it. This cost will cover the charter bus transportation, admission to King's Island, and a lunch voucher at the park. This cost will also provide for the teachers who chaperone while your fundraising and the PTSA have paid to bring the costs to the present level.

We need to pay some trip deposits as soon as possible.

Payment has been set up on My Payments Plus. Please make payments by Friday, April 21st. If possible, earlier would help us make necessary deposits and payments.

ITINERARY:
